Dear Mr. Maguire:

Thanks for your letter dated October 28.

Your report was correct in every respect this time. We were very sorry that we couldn't send you a verification the first time you requested it. But of course, we knew you had rather have a correct report than an incorrect one.

The equipment here at WBHB is Gates equipment throughout. The transmitter is Gates Model 250-C-1 using RCA 810's push-pull in the final, with 250 watts. The Modulators are also RCA 810's class B.

Hoping to hear from you again.

Yours very truly,

R. M. Ware, Jr.
